🎓 EDUCATION

Artificial Intelligence

Technical University [🔗](#)
09/2025 – Present | Varna, Bulgaria
Currently pursuing a degree in Artificial Intelligence at the Technical University, focusing on intelligent systems and advanced algorithmic problem-solving.

Software Engineering with C#

Software University [🔗](#)
05/2024 – Present | Online
Specialized in Software Engineering with C# at SoftUni, focusing on modern development practices and scalable solutions.

Economic Informatics

Professional High School of Economics [🔗](#)
09/2020 – 05/2025 | Blagoevgrad, Bulgaria
Completed a specialized secondary education in Economic Informatics, bridging business logic with information technology.

📁 PROJECTS

P2PShare [🔗](#)

11/2025 – 12/2025
P2PShare is a fast, secure, and fully decentralized peer-to-peer file sharing system built in modern C++.

AleaSim [🔗](#)

12/2025 – Present
An advanced casino simulation where behavioral AI dynamically adjusts volatility, RTP, and retention mechanics to optimize player engagement.

Puppeteer [🔗](#)

01/2026 – 01/2026
A Linux framework for binary instrumentation and process orchestration, featuring safe memory manipulation and advanced RPC communication channels.

ZCracker [🔗](#)

01/2026 – 01/2026
ZCracker is an ultra-high performance archive cracker utilizing AVX2 SIMD, GPU acceleration, and zero-allocation for extreme speed.

AuctionHub [🔗](#)

01/2026 – Present
Sophisticated online marketplace designed to connect buyers and sellers through a secure, intuitive, and interactive bidding platform.
